## **DEAR DONORS, WELL-WISHERS, FRIENDS AND SUPPORTERS,**

---

I am submitting this report for the year 2021-2022, which was a crisis period in India because of Corona's second wave. In Nagpur, daily wagers family members are affected very badly about more than 1.5 lakhs, they lost daily earnings due to Corona and Lockdown. People to People could reach out and help to 61343 beneficiaries directly by providing free cooked food, free ambulance services, financial assistance to poor and students by free distribution of educational material, free grocery kit distribution saved families from hunger and our Bridge Project, titled Learning Club helped poor children to maintain their progress in studies.

People to People could do this mainly because of our generous donors. We are heartily thankful to donors, well-wishers, friends, supporters, volunteers, team members, trustees and management members who actively enable us to reach out to help as many as we can with available resources.

We are sure that your blessings are with us and you would be able to continue to shower your blessings in future. This will help to create this world better to live. Please accept our heartiest thanks!

With much gratitude!
